

# Health and Safety Policy

---

**NIELTECH SERVICES** places the utmost importance on the health, safety, the environment and the well-being of our workforce who may be affected by our work. It is senior management's responsibility to achieve and maintain a safe and healthy working environment as a right for all workers. We have developed a Health & Safety Program to promote workplace safety and mitigate unsafe working conditions. The Health & Safety Program promotes specific health and safety training for all employees and is designed to monitor the workplace for compliance with legislative requirements and attain best operating practices at all times.

## **NIELTECH SERVICES:**

- Believes that we are responsible to incorporate proven health, safety and environmental principles into all phases of our operations and emphasize these as integral components of prudent business practice.
- Understands that the responsibilities for workplace health and safety must extend to all workplace parties (Senior Management, Managers, Supervisors and Workers) on or off the job.
- Recognizes that accident prevention and quality of working life must continue to be an essential part of our business operations and as such, will empower each individual to actively participate in their Health & Safety Program
- Accepts the concept that the causes of accidents and illnesses can be controlled, and the occurrence of personal injuries can be further reduced and is therefore committed to the prevention of occupational illness and injury in the workplace.
- Will continue to support the efforts of the Health and Safety Committee and/or Worker Health and Safety Representative.
- While complying with Ontario's Occupational Health and Safety Act and Environmental Protection Act and all applicable Regulations, accepts these statutes as minimum standards.
- Recognizes that it is the responsibility of all workers to work in accordance with the practices and procedures set forth in the Health and Safety Program, in addition to the applicable legislative requirements
- Recognizes that it is the responsibility of all workers to report all hazards and unsafe acts/conditions
- Recognizes the responsibility of all supervisory personnel to ensure that safe and healthy work conditions are maintained
- As outlined in our Return-to-Work Program, will endeavor to offer modified work to those employees who have sustained injury or illness with a view to facilitate their rehabilitation and to safely return them to their pre-injury job function as soon as they are capable

The success of our organization depends on our reputation to provide a quality product and service in a safe and timely manner. Health and safety must be incorporated into all facets of our operations.

Through open lines of communication, and a commitment to work in a spirit of consultation and co-operation with workers, sub-contractors/suppliers, the health and safety committee/worker representative(s) and other outside parties, our objectives of a workplace free of hazards, injury and illness can and will be achieved.
